## stoneware collection

Versatile enough to cook your favorite recipes, attractive enough to sit at the center of your table. Whether you're cooking for your family or a crowd, our Contemporary Classics™ make a bold statement.

### LARGE BAKER

Please a crowd with roasts, casseroles, and more. The modern white exterior glaze looks stunning on the table, so there's no need to transfer food to a serving piece. Your favorite recipes for our **Rectangular Baker** or any 9" x 13" (23 x 33-cm) pan can also be made in the Large Baker.

### SMALL BAKER

Perfect for side dishes, desserts, hot dips, and more. The stunning exterior will make it the center of attention on your table. It fits in most microwaves so it's a perfect way to store leftovers in the refrigerator and reheat later. Recipes that call for our **Square Baker** or any 8" x 8" (20 x 20-cm) or 9" x 9" (23 x 23-cm) pan can also be made in the Small Baker.

### SHALLOW BAKER

Cook and serve everything from appetizers and side dishes to desserts in this unique baker. The classic finish will make your dishes look beautiful from prep to presentation. You can also make recipes for our **Large Bar Pan** in the Shallow Baker.

### WHITE LARGE ROUND STONE

The perfect way to showcase pizza, brownies, rings, wreaths, nachos, and desserts! The ½" (1-cm) lip lets you bake thick batters and juicy foods without worrying about drips. Your favorite recipes for the **Large Round Stone** can also be made with this piece.

### USING STONEWARE

- ▶ Always preheat the oven before baking with stoneware, but don't preheat empty stoneware in the oven.
- ▶ Don't use nonstick sprays on stoneware. Instead, lightly brush the bottom with oil.
- ▶ Make sure the surface is ⅔ covered with food.
- ▶ Stoneware is microwave-, freezer-, convectional-, and convention-oven safe, but should not be used under the broiler.
- ▶ Stoneware should not touch the sides of oven or oven door.
- ▶ Thaw dense frozen foods in refrigerator before placing on stoneware.
- ▶ The raised handles make it easy to slide oven mitts underneath to transfer hot stone from oven to table.
- ▶ Always use a heat-resistant oven mitt or pad when handling hot stoneware, and when placing on surfaces.
- ▶ Due to the manufacturing process, each piece could have subtle variations, making it one of a kind!

### CLEANING STONEWARE

- ▶ Allow stoneware to cool to room temperature before washing.
- ▶ Avoid soap or detergent. Stoneware can't go in the dishwasher.
- ▶ Rinse under hot water and scrape off excess food with the Pan Scraper.
- ▶ If needed, soak in clear, hot water to loosen baked-on foods, then rinse and towel dry thoroughly.
- ▶ To deep clean stoneware, mix ½ cup (125 mL) baking soda and 3 tbsp (45 mL) water into a paste. Apply to desired areas and let stand 15–20 minutes. Wipe off excess with a nonabrasive sponge, then rinse thoroughly and towel dry. To deep-clean glazed surfaces, use a soft, damp cloth to apply the paste, and scrub as needed. Rinse and towel dry thoroughly.

# *fresh vegetable* LASAGNA BAKE

SERVES 12 ►

## VEGETABLE MIXTURE

- 1 large yellow bell pepper
- 2 medium zucchini, ends removed
- 1 medium onion
- 1 tbsp (15 mL) olive oil
- 1 pkg (8 oz or 228 g) sliced fresh mushrooms
- 4 garlic cloves, pressed

## SAUCE

- 1 jar (7 oz) roasted red bell peppers, undrained (about 1 cup/250 mL)
- 2 tbsp (30 mL) **Sweet Basil Rub**
- 1 can (14.5 oz or 398 mL) diced tomatoes, undrained
- ½ cup (125 mL) water
- ¼ tsp (1 mL) salt

## DIRECTIONS

- 1 Preheat oven to 350°F (180°C). For vegetable mixture, cut off top of bell pepper; remove seeds and veins. Cut into chunks. Using **Simple Slicer** on #2 setting, slice zucchini. Finely chop onion.
- 2 Heat oil in 12" (30-cm) **Skillet** over medium-high heat 3–5 minutes or until shimmering. Add onion, mushrooms, and pressed garlic. Cook 3–4 minutes or until mushrooms are lightly browned, stirring occasionally. Add yellow bell peppers and zucchini; cook 6–8 minutes or until vegetables are tender. Set aside.
- 3 For sauce, process red bell peppers and rub in **Manual Food Processor** until finely chopped. Carefully remove blade. Stir in diced tomatoes, water, and salt.
- 4 For cheese filling, combine ricotta, spinach, *half* of the cheese, egg, and rub in a large bowl; mix well.
- 5 To assemble lasagna, combine noodles and 1½ cups (375 mL) of the sauce in **Large Baker**; stir and spread evenly. Top with vegetable mixture. Using **Large Scoop**, evenly place cheese filling over vegetables. Flatten the filling with the back of Scoop. Top with remaining sauce and remaining shredded cheese.
- 6 Cover baker with aluminum foil; bake 30 minutes. Remove foil. Bake, uncovered, 15–20 minutes or until edges are light golden brown and cheese is melted. Remove from oven to cooling rack; let stand 10 minutes.

## COOK'S TIP

Lasagna can be made up to a day ahead. Cover baker with aluminum foil and refrigerate. When ready to bake, remove baker from refrigerator while preheating oven. Increase covered bake time 10 minutes.

## COOK'S TIPS

Ham steaks come from the center of the ham and are 94% lean, the leanest part of the ham.

Ham steaks can be found pre-cut in the refrigerated section and are usually about 1" (2.5 cm) thick. Or the butcher can slice off a steak from a whole or half ham.

If sourdough English muffins are unavailable, you may use original English muffins.

| 1 pkg (18–19 oz or 450 g) fudge brownie mix (plus ingredients to make brownies) | 1 pkg (2.25 oz) sliced almonds (about $\frac{2}{3}$ cup/150 mL) |
| 2 egg whites  | $\frac{1}{4}$ cup (50 mL) semi-sweet chocolate morsels, melted  |
| 1 pkg (14 oz/400 g) sweetened flaked coconut                                    | 1 tsp (5 mL) vegetable oil                                      |
| 1 can (14 oz or 300 mL) sweetened condensed milk (not evaporated milk)          |   |

- 2 Bake 14–16 minutes or until brownie is set. (Do not overbake.) Remove stone from oven to cooling rack.
- 3 In clean batter bowl, combine egg whites, coconut, and sweetened condensed milk; mix well. Spread coconut mixture over top of brownie to within  $\frac{1}{4}$ " (6 mm) of edge. Sprinkle with almonds.
- 4 Bake 15–17 minutes or until edges of coconut are deep golden brown. Remove stone from oven to cooling rack.
- 5 In **1-cup (250-mL) Prep Bowl**, microwave chocolate morsels and oil, uncovered, on HIGH 45–60 seconds or until chocolate is melted, stirring after 30 seconds. Drizzle chocolate over pizza.
- 6 Cut pizza into 16 wedges. Serve slightly warm or at room temperature.

## COOK'S TIPS

If using an unglazed **Large Round Stone**, place a 15" (38-cm) circle of parchment paper on the stone before spreading the brownie batter on the stone. This will keep the batter from running off of the stone during baking.

The brownie base can be baked earlier in the day and cooled. To finish the pizza, prepare recipe as directed in steps 3 to 6.
